DISCOVER THE TERRITORY IDEAL FOR THE CYCLIST

A non-competitive ride for all road cyclists on Festival Sunday.

Girona is where professionals train for most of the season. The area offers medium mountain routes with small climbs on narrow, unspoilt roads. Cycling through the Pyrenees and Mediterranean is the best way to discover this wonderful territory.

It's also near the sea, so one route goes along the Costa Brava. Experience dreamlike landscapes at the Ciclobrava by Orbea. The area has great weather too. Perfect cycling weather.

The best way to cycle is without pressure. Everyone rides at their own pace.

The festival has a great atmosphere. Ciclobrava by Orbea offers three routes of approximately 70 km, 100 km and 150 km. Each cyclist can take in their own way. The challenge is personal and the reward is the views.

CONTROL POINTS

The Ciclobrava by ORBEA is a non-competitive, open road cycle race, which means that traffic regulations must be followed at all times.

We will be accompanied by the Mossos d'Esquadra and the local police of the different towns we pass through, but not to give priority to cyclists, just to regulate traffic, so we must always follow their instructions. For safety reasons, there will be organisation motorcycles to indicate possible incidents.

IT'S VERY IMPORTANT TO TAKE EXTREME PRECAUTIONS IN TOWNS WITH NARROW PASSAGES TO AVOID INCIDENTS. WE REMIND YOU THAT LA CICLOBRAVA IS A NON-COMPETITIVE CYCLE TOUR.

ECO-RESPONSIBILITY

It is very important not to leave any rubbish in the countryside and to use the containers that you will find at each refreshment point, in this way we will respect the environment and the flora and fauna that Girona offers us.

Solidarity and respect for riders, volunteers, sponsors and the public are essential elements of the Ciclobrava by ORBEA. Every wrapping or container that we throw on the ground must be picked up by someone. When we throw it away, we should think of the volunteer who will have to pick it up.
